

REMARKS

In the Final Office Action mailed June 8, 2005, the Examiner indicated claims 39-47 are in condition for allowance; objected to claims 33-38 as being dependent upon a rejected base claim but included allowable subject matter; and rejected claims 32 and 48 under 35 U.S.C. 103(a) as being unpatentable over U.S. Patent No. 6,678,528 to Clark in view of U.S. Patent No. 5, 414,754 to Pugh et al.

In response, Applicant has cancelled claims 32 and 48 and rewritten claim 33 into independent form. No new matter has been added. This amendment obviates the Examiner's objections and rejections made in the last Office Action.

CONCLUSION

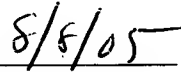

Applicant respectfully requests reconsideration of the present application, withdrawal of the rejections made in the last Office Action and the issuance of a Notice of Allowance. The Applicant's representative can be reached at the below telephone number if the Examiner has any questions.

Respectfully submitted,

Phillip Kent Freyman et al.
